Quality Check

To check the quality of your ethical decision-making process, ask yourself these questions:

■ Do I have all the important facts relevant to the decision?

■ Have I involved everyone who should be part of this decision?

■ Does this decision reflect organizational, professional, and social values?

■ Do the likely benefits of the decision outweigh any potential harms?

■ Will this decision keep the problem from recurring or establish a good precedent?

■ How would this decision look to someone outside the organization?
